THE MONSTERS' SUPPER

THE CLUES

FOR THE CLUE HOLDER ONLY

HOW IT WORKS

1. This file holds the **8 clue cards**, two per chapter, in order.
2. Between every clue there is a **card back** 🎃. Always stop on a card back.
3. When a chapter starts, scroll to its first clue, read it out loud, do its effect. Scroll to the next card back. Read the second clue the same way.
4. Then stop on the card back. **Never scroll ahead** – you're playing too!

PEEK AT THE NEXT CLUES

Whoever uses this activity takes this phone, reads the next chapter's two clues in silence, and returns to the card back.

CHAPTER 1

CHAPTER 1 · CLUE 1 OF 2

THE BODY

At 00:05 the Golem breaks down the study door. Professor Van Helsing is dead in his chair. The door was **locked from the inside** and the key is in his own pocket. His skin is ice-cold, his glass of red wine is **frozen solid**, and his pocket watch stopped at exactly 00:00.

⚡ EFFECT — DO IT NOW

Going around the table, everyone says out loud where they were at midnight. (You may lie.)

Everything on this card is true.

CHAPTER 1 · 2ND CLUE

Stop here. Scroll only when the table is ready.

CHAPTER 1 · CLUE 2 OF 2

THE BLACKOUT

At **23:59** the whole house went dark for four minutes. In the hallway the **fuse box is scorched black,** its cables half-melted — as if something drank the electricity straight out of the wall. On the hallway floor: **wet, webbed footprints** leading to the study door.

⚡ EFFECT — DO IT NOW

The two guests born from lightning — **Frankenstein's Monster** and **the Bride** — must each say where they were at 23:58.

Everything on this card is true.

CHAPTER 2

Stop here. Scroll only when the table is ready.

CHAPTER 2 · CLUE 1 OF 2

THE HANDPRINT

On the Professor's shoulder, burned into his coat in frost: **a small handprint**. Five slim fingers. **No claws, no webbing, no stitches.** It is the print of the hand that killed him.

⚡ EFFECT — DO IT NOW

Everyone holds up their hands for the whole table to see.

Everything on this card is true.

CHAPTER 2 · 2ND CLUE

Stop here. Scroll only when the table is ready.

CHAPTER 2 · CLUE 2 OF 2

THE MISSING BOOK

The Professor arrived tonight with the **Book of Endings**: one page for every monster at this table, explaining how to destroy them. **The Book is gone.** The study window, which opens onto the balcony, is **wide open**.

⚡ EFFECT — DO IT NOW

On the count of three, everyone points at the person they suspect most right now.

Everything on this card is true.

CHAPTER 3

Stop here. Scroll only when the table is ready.

CHAPTER 3 · CLUE 1 OF 2

THE SCENT

The study smells of **fresh jasmine** — but there are no flowers in this house, and jasmine doesn't bloom in October. The smell is strongest by the wall the study shares with the hallway.

⚡ EFFECT — DO IT NOW

FREE QUESTION: the player sitting to the **left** of whoever holds the clues may ask anyone one Secret Question (YES/NO, answered secretly).

Everything on this card is true.

CHAPTER 3 · 2ND CLUE

Stop here. Scroll only when the table is ready.

CHAPTER 3 · CLUE 2 OF 2

THE BARBECUE

The Book of Endings is found hidden **inside the barbecue** on the balcony, singed but whole — except **two pages torn out**: "How to Unmake the Stitched Man" and "How to Banish the Restless Dead". On the grill lid: a **huge, stitched handprint**. In the coals: ash of burnt paper.

⚡ EFFECT — DO IT NOW

Frankenstein's Monster has 20 seconds to explain, out loud, what his handprint is doing on that grill.

Everything on this card is true.

CHAPTER 4

Stop here. Scroll only when the table is ready.

CHAPTER 4 · CLUE 1 OF 2

THE FROST

The coroner's verdict: a vampire's chill does not freeze, and no spell was cast in that room. Frost like this is left only by **a spirit with no body — something that walks through walls**. On the hallway side of the study wall, right beside the fuse box, there is **a patch of frost the shape of a woman**. On the study floor: tiny flakes of frozen paper — **the ghost page, crushed to snow**.

⚡ EFFECT — DO IT NOW

The two guests without a body — **the Ghost** and **the Banshee** — must each say where they were at 00:00.

Everything on this card is true.

CHAPTER 4 · 2ND CLUE

Stop here. Scroll only when the table is ready.

CHAPTER 4 · CLUE 2 OF 2

THE PROFESSOR'S DIARY

In the Professor's coat, a small diary. The last entry, in shaky ink: *"23:15 — I told her what I will do at midnight. She smiled so sweetly. Too sweetly."*

⚡ EFFECT — DO IT NOW

This is the last clue. Finish the discussion and use your last activities — then the Final Vote begins.

Everything on this card is true.

THE END

Stop here. Scroll only when the table is ready.

FINAL VOTE

No more clues. No more activities (except Double Vote).

One sentence each. Write a name in your Notes. On three — flip.
